You are looking at an original 1950's Sear's Hercules steer hide leather jacket. This Jacket has all original hardware attached and all accessories included. The inside of the jacket has red nylon interlining with extra length and protection. Special features made for complete comfort and a sharp look. Steer Hide is a rich grain skin making it incredibly tough. Jacket has two (2) collars. One is regular and the second one is snap-off collar made of dyed mouton processed lamb fur. Belt Is also steer hide and is detachable. Comfort Adjustments perks include gusseted zipper cuff's and a bi-swing back. There are 2 big zipper pockets and a snap flat pocket in front and basic pocket inside of the jacket. A small 2" seam was resewn on the inner flap by the zipper. This repair was minor and does not effect the overall look of the jacket. Light natural Wear on the inner lining of cuffs. Overall Quality is amazing for a motorcycle jacket over 60 years old its a rarity to have all accessories included. Please review all pictures for this item.
