60.00\$ Price:

This beautiful table is built solid! It's the perfect table for your farmhouse, or farmhouse-ish decor! It does have a few minor blemishes (a few rough spots along the edges that could use a minute or two of sanding), but otherwise it's in awesome condition! Repaint it black or gray, or another color for a more boho vibe! Either way, it's definitely solid- and wayyyyy nicer than you would find in a big box store (for twice the price!)! ?
